Now that you are a punch card holder, upon your arrival at the arena, please ask the skate monitor or rink staff for your punch card. This new system requires you to arrive at the rink a few minutes earlier so that your card can be handed out prior to skaters lining up to enter the ice. If you arrive late and the session has already started, please wait until the line has ended and request your card as you enter. Upon entering the ice, please hand the card back to the monitor where it will then be punched and set aside to be catalogued. The purpose of early acquisition of your punch card is to eliminate the wait at the door as skaters enter the ice.
